Dear CHC/Sponsor:

Congratulations! The THC Commissioners have reviewed your application and staff will now be proceeding to the inscription. The marker fee is now due, payable and received in our office by 5pm CDT on Friday, September 15, 2023. Please ensure extra time is given when sending payment, as our state mailing system takes a few days longer than expected. Due to privacy concerns, do NOT send credit card payment information by email. Instead, you may either mail your payment or call 512-463-6063 to give our Office Manager your credit card payment information over the phone. If payment is not received by the date above, the application will be cancelled. We are not able to give any extensions. Attached is an invoice to return with payment.

Please note that marker inscriptions are written in the order that we receive payment. Also, please remember that writing marker inscriptions is a year-long process and we have limited staff resources. For this reason, please do not schedule marker dedications until you have received the marker, in hand.
